

Constant Contact

The best way to reach everyone on your contact list to inform them about exciting news happening at your organization, an upcoming fundraiser event, collect RSVP's, grow Facebook fans, or collect donations, is by email. Printing and mailing flyers is expensive and timely for organizations. Food & Supply Source is here to help! Through our email provider, you can send an email to your entire list or selected group of contacts, in 1-click! We have negotiated a great discount for our members:
